

Medium Term Plan EYFS – Term 6 – Big Wide World

All subjects that will be taught this year have been carefully planned and centred around the 3 I's:

- * Intent
- * Implementation
- * Impact

Our curriculum aim is to ensure that a rich and varied curriculum is taught (INTENT) and the wholehearted engagement of pupils is encouraged (IMPLEMENTATION). Through fun, diverse learning opportunities, children will develop detailed knowledge and skills across the curriculum (IMPACT) helping them in their future learning.

Rationale: We want children to leave HK with sound knowledge, specialist skills and understanding so that they are ready to thrive in real life and have the required skills within their chosen subject area / unique talent to prosper in the wider world and in the future.
