## Year Six Maths Overview for the Year

|  | Week 1 | Week 2 | Week 3 | Week 4 | Week 5 | Week 6 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Term 1 | To work with numbers up to 10000000 and know what each digit represents. Y6:NP1 | To round a whole number as requested (to the nearest 10 or 1000 or 100000). Y6:NP2 <br> To understand and use negative numbers. Y6:NP3 | To solve number and practical problems that involve large numbers, rounding and negative numbers. Y6:NP4 <br> To multiply 4 digit numbers by a two-digit number using the written method of long multiplication. <br> Y6:ASMD1 | To divide 4 digit numbers by a two-digit number using the written method of long division - and tell you the remainder. Y6:ASMD2 | To choose to divide 4 digit numbers by a twodigit number using the written method of short division if this is possible. Y6:ASMD3 <br> To multiply, divide, add and subtract large numbers in my head. Y6:ASMD4 | To identify common factors, common multiples and prime numbers. Y6:ASMD5 |
| Term 2 | To know that addition, subtraction, multiplication and division should be carried out in a specific order when looking at problems. Y6:ASMD6 | To solve addition and subtraction multi-step problems, deciding where to add or subtract. Y6:ASMD7 <br> To solve problems involving addition, subtraction, multiplication and division. Y6:ASMD8 | To estimate my answer before I begin calculating. Y6:ASMD9 <br> To use common factors to simplify fractions and use common multiples to express fractions in the same denomination. Y6:FD1 | To add fractions with different denominators and mixed numbers. Y6:FD3 | To subtract fractions with different denominators and mixed numbers. Y6:FD3 <br> To multiply fractions. Y6:FD4 | To divide proper fractions by whole numbers. Y6:FD5 <br> To compare and order fractions, including fractions greater than 1. Y6:FD2 |
| Term 3 | To change a fraction into a decimal - for example, To change $3 / 8$ to 0.375 by | To solve problems which include rounding to a required accuracy such as | To find the percentage of an amount - such as finding 15 per cent of 360 . $\mathrm{Y} 6: \mathrm{R} 2$ | Use written division methods in cases where the answer has up to two decimal places. Y6:FD9 | Solve problems about different units of measures with three decimal places. $\mathrm{Y} 6: \mathrm{M} 1$ | To convert measurements of length, weight, volume and time up to three decimal places in length |

|  | dividing 1 by 8 and multiplying by 3 . Y6:FD6 <br> Know the decimal value, percentage and fraction of a range of values - such as $0.5,50$ per cent and 1/2. V6:FD11 | the nearest 10,100 or 10000. Y6:FD10 <br> To multiply and divide numbers by 10,100 and 1000 and know what each digit means up to three decimal places. $\mathrm{Y} 6:$ FD7 | To multiply numbers such as 1.45 by a one digit number - for example 1.45 x <br> 7. Y6:FD8 |  |  | (for example $0.345 \mathrm{~kg}=$ 345g). Y6:M2 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Term 4 | Know that even though shapes may have the same area, the perimeter may be different - or a shapes with the same perimeter may have a different areas. Y6:M4 <br> To use a formulae for area and volume of shapes. Y6:M5 | To calculate the area of parallelograms and triangles. Y6:M6 <br> To work with the volume of cubes and cuboids using cubic centimetres (cm3) and cubic metres (m3), and other units too such as mm3 and km3. V6:M7 | To convert between miles and kilometres. Y6:M3 <br> I know how to use simple formulae such as $\mathrm{n}-10=2$. Y6:A1 | To create a sequence of numbers that follow a rule. Y6:A2 <br> To use a letter (such as $n$ or x) to show a missing number - such as $10-\mathrm{x}=5$. Y6:A3 | To find pairs of numbers that satisfy an equation with two unknowns. Y6:A4 <br> To list possible answers to missing numbers such as listing the possible answers of $a$ and $b$ in $a+6$ = $\mathrm{b}-10 \mathrm{Y} 6: \mathrm{A} 5$ | To classify geometric shapes based on their properties and sizes and find unknown angles in any triangles, quadrilaterals, and regular polygons. Y6:S3 <br> To work with angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles Y 6 :S5 |
| Term 5 | I accurately draw 2-D shapes using given dimensions and angles. Y6:S1 <br> To recognise, describe and build 3-D shapes, including making nets. Y6:S2 | I know the parts of circles, including radius, diameter and circumference and know that the diameter is twice the radius. $\mathrm{Y} 6: \mathrm{S} 4$ | To use the four quadrants in a coordinate grid. Y6:PD1 <br> To draw and translate shapes using coordinates or reflect a shape on the grid. Y6:PD2 | To solve problems about relative sizes (ratio). Y6:R1 <br> To solve similar shape problems. Y6:R3 | To solve problems about unequal sharing $\mathrm{V} 6: \mathrm{R} 4$ | To use and construct pie charts and line graphs and use these to solve problems. Y6:ST1 <br> To calculate the mean as an average. $\mathrm{V} 6: S T 2$ |

|  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Term 6 | Teaching of any objectives not yet approached. | Teaching of any objectives not yet approached. | Teaching of any objectives not yet approached. | Teaching of any objectives not yet approached. | Teaching of any objectives not yet approached. | Teaching of any objectives not yet approached. |
|  | Maths Investigations | Maths Investigations | Maths Investigations | Maths Investigations | Maths Investigations | Maths Investigations |
|  | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths | Consolidation of previous objectives through reasoning and problem solving activities / Active Maths |
